WORK EXPERIENCE

CLOUD SERVICES

Infrabeat Technology, Pune | 2 May 2019 - 7 June 2019

Learn about the cloud computing and services provided by it to various companies. Also contacted companies regarding cloud services.

PROJECTS

- **Library Management System:** It was based upon managing the database of books and users (staff, students, faculties) etc in SQL.
- **Connecting Xerox Shop with students:** In this project, we created the UML diagrams using start UML software and code for the same. In this we have created the system where the xerox shops connects with students.
- **School Management System:** Created a website for school management where they can manage the details of teachers, students and many more. Front-end and Back-end both are there.
